LinkedIn GitHub Portfolio

Professional Summary

Fourth-year Computer Science Engineering student (CGPA: 8.02/10) with experience in QA testing, Android development, React, Firebase, Node.js, and Google Gemini API. Hackathon winner, open-source contributor, and NEC 2024 national finalist passionate about software development and quality assurance.

Skills

Programming: Python, Java, C, JavaScript

Web: React, Node.js, Firebase, HTML, CSS

Testing: Manual Testing, Functional Testing, Regression Testing, UI/UX Testing, Validation Testing, Bug Reporting

Tools: Git, GitHub, Postman, Android Studio, VS Code

Languages: English, Malayalam, Hindi

Experience

QA Testing Intern – Docwo

May–June 2026

- Performed manual, functional, UI/UX, validation and regression testing for web and mobile applications.
- Reported defects with detailed reproduction steps and collaborated with developers to verify fixes.

Open Source Contributor – OSQ

Feb 2026–Mar 2026

- Contributed features and fixes using Git workflows while collaborating with open-source developers.

Android App Development Intern – ICT Academy of Kerala

Jul–Aug 2024

- Developed Android application features using Android Studio and completed the internship with Grade A.

AI & Robotics Intern – AccelMove Dynamics

Jan 2024

- Contributed to AI and robotics projects in a collaborative development environment.

NEC 2024 Finalist – E-Cell, IIT Bombay

2024

- Secured 9th place nationally in the Advance Track.

Achievements

- Tinkerhack 2026 – College Level Winner
- Tinkerhack Kerala 2026 – Top 300 Statewide
- Grace Hopper Celebration India (GHCI) 2026 – Selected Attendee
- THINKATHON Hackathon 2026 – 1st Prize

Projects

CosmoBot – AI Cosmetic Analyzer

2026

- Developed an AI-powered cosmetic ingredient analyzer using OCR and Google Gemini API with authentication and history tracking.
- Technologies:** React, TypeScript, Node.js, Firebase, Google Gemini API, OCR.

BorrowBox

2026

- Built a campus marketplace supporting borrow, buy/sell and Lost & Found services.
- Technologies:** React, Firebase, Node.js, JavaScript.

Expense Tracker

2024

- Built a responsive expense tracking application with category-based visualization.
- Technologies:** React, JavaScript, HTML, CSS.

NovaStream Video Player

2024

- Developed an Android video player with playback and fullscreen controls.
- Technologies:** Java, Android Studio, XML.

Certifications

- Prompt Engineering for Everyone – IBM
- Introduction to Machine Learning – NPTEL
- Cisco Networking Academy: CCNA (Introduction to Networks, Switching, Routing and Wireless Essentials, Enterprise Networking, Security and Automation), Introduction to Data Science, Introduction to Modern AI, Apply AI: Analyze Customer Reviews, Python Essentials 1 & 2

Education

B.Tech in Computer Science Engineering, Jyothi Engineering College, Thrissur
2023–2027

CGPA: 8.02/10
